

An exclusive sunrise excursion to Seal Bay Conservation Park - home to Australia's third largest colony of sea lions - where a walk among the 'locals' offers an experience reminiscent of the Galapagos.

AN EXCLUSIVE PRIVILEGE

The Australian sea lions at Seal Bay are living the Australian lifestyle – a great seafood diet, stretching out on a white sandy beach before heading out for a quick surf. The colony of around a thousand animals live on the beach year-round and are accustomed to visitors, but only a privileged few may enjoy the encounter at sunrise.

A pre-dawn departure from the lodge offers guests a once-in-a-lifetime experience as the day breaks over the ocean and the sea lions emerge from the protection of the sand-dunes and head to the beach. **Private access to Seal Bay is guaranteed, promising a tranquil and unforgettable experience with the resident sea lions.** It's an extraordinary experience to walk among the colony and observe these wild animals in their natural habitat with no-one else in sight.

Throughout the tour, the Lodge guide shares an informative commentary providing insight to the mammal's unique breeding cycle and the ongoing research programs conducted on site. After the personal-meets-nature encounter, travel to nearby Bales Beach where a gourmet breakfast feast set among the dunes will be waiting, a satisfying antidote to the early start.

DETAILS

Tariff: \$1,400 for 1-6 guests **Additional Persons:** \$150 per guest. **Timing:** Depart lodge at 6am; return by 10am.
